No. D8(E)-
No. 6-3/24/1892-2

REGARDING NOTIFICATION OF PLANNED OFFSHORE WIND FARM „ELWIND“

Ministry of Environment of the Republic of Lithuania would like to thank the Ministry of Climate of the Republic of Estonia for submission of the notification concerning the environmental impact assessment of the offshore wind farm “Elwind” project in the Baltic Sea.

Ministry of Environment, as an authority responsible for coordination of the transboundary EIA process in accordance with the UNECE Convention on Environmental Impact Assessment in a transboundary Context (Espoo Convention) published the received documentation on its website and distributed it to the relevant national authorities, providing an opportunity to submit comments and proposals.

Ministry of Environment concluding the results of the consultations with public and national authorities:

- acknowledges the receipt of the notification,
- informs, that Lithuania does not intend to participate in the transboundary consultation process as the affected party,
- recommends to evaluate the cumulative impact of the offshore wind farm project and others wind farms in the Baltic Sea that are planned to be develop, because “Elwind” project involves both the electricity transmission to the onshore networks and the connection between the Latvian and Estonian transmission networks,
 - recommends to give special attention to the assessment of impact on migratory bird species and apply possible mitigation measures to reduce the impact of wind power plants. Saaremaa Island is covered by an important migratory bird corridor. Although the offshore wind farm “Elwind” project will not have direct impact to Lithuanian protected natural values, the implementation of the project will increase the cumulative effect and will have an indirect effect to the entire ecosystem of the Baltic Sea, especially in the East Gotland Basin and Gulf of Riga.
 - kindly asks to provide the information about the progress of the wind farm “Elwind” project and about the solutions for connecting this park to the electricity grids when they are known.

Yours sincerely,

Vice-minister
Raminta Radavičienė

R. Griškevičienė, +370 69511585, e-mail: rasa.griskeviciene@am.lt
