Denmark thanks for the notification regarding the transboundary EIA and wants to participate in the further environmental assessment process.

The notification has been sent for consultation to several Danish authorities and interest organizations and has been published on the Danish Environmental Protection Agency's website.

The only responses we get is from the unit: Sea and aquatic environment of the Danish Environmental Protection Agency that they don't have any responses to the notification.

If you have any questions, feel free to contact me.

Best regards
