Consultation in accordance with articles 4 and 5 of the Espoo convention regarding Aflandshage Wind Farm in Danish territorial waters in Oresund south of Copenhagen

The 18th of October 2019 Denmark notified your country, in accordance with Articles 3 and 4 of the Espoo Convention, regarding the plan for a wind farm in Oresund south of Copenhagen. The publicly owned Danish developer, HOFOR Vind A/S (HOFOR), has now prepared an environmental impact assessment report (EIA-report) and an Espoo consultation document about the environmental impact assessment in a transboundary context. The consultation document is attached to this e-mail.

The Danish Energy Agency is conducting a public consultation in Denmark from the 29th November 2021 to the 20th February 2022 regarding the launch the EIA-rapport. The EIA-report and technical background reports are available on the Danish Energy Agency website:

<https://ens.dk/ansvarsomraader/vindenergi/havvindmoeller-og-projekter-i-pipeline>

A public information meeting with the participation of the Danish EIA-authority and the developer will take place at 19:00 hrs (GMT+1) on Wednesday the 12th February 2022. You can find a link for the public information meeting here:

<https://www.hofor.dk/aflandshage>

Please kindly send your comments to Espoo@mst.dk (with reference to journal number 2019-6127 no later than the 20th February 2022.

If you have any questions, please do not hesitate to contact me for clarifications.

Kind regards,

Lasse Nissen Kristiansen
Espoo Consultant
