Environmental Protection of the Republic of  
Belarus

6 September 2021 No. (10)-D8(E)-5653  
Re 30 June 2021 No. 11-1-1/189- ино

**ADDITIONAL INFORMATION ON DISMANTLING AND DECONTAMINATION OF  
EQUIPMENT FROM THE WORKING AREAS R1 AND R2 OF IGNALINA NUCLEAR  
POWER PLANT UNIT 2 REACTOR (PROJECT 2102)**

We would like to present our compliments to the Ministry of Natural Resources and Environmental Protection of the Republic of Belarus. In response to the requests expressed in Your letter, dated 30 June 2021 (No. 11-1-1/189-ино), please find attached additional information, related to environmental impact assessment of proposed economic activity – dismantling and decontamination of equipment from the working areas R1 and R2 of INPP Unit 2 reactor of Ignalina Nuclear Power Plant (Project 2102).

We would be very grateful if you could reply to this letter with an indication whether the provided information is sufficient or if you require additional procedures of transboundary consultations according to UNECE Convention on Environmental Impact Assessment in a Transboundary Context.

**ATTACHMENTS**

1. Amended non-technical EIA summary (in Russian and in English).
2. Responses to the questions and comments of the Republic of Belarus (in English).

Vice-minister

Raminta Radavičienė
