Regarding transboundary consultations of the proposed activity “*Dismantling and decontamination of equipment of Units A-2 and V-2 of Ignalina Nuclear Power Plant*”

Environment State Bureau, acting as a competent authority on environmental impact assessment (hereinafter – EIA) in Latvia, thanks the Ministry of Environment of the Republic of Lithuania for organization of the bilateral consultation and public hearing meeting on 5 February 2021 regarding the proposed activity “*Dismantling and decontamination of equipment of Units A-2 and V-2 of Ignalina Nuclear Power Plant*” in Visaginās Municipality, Lithuania, approximately 8 km from the border of the Republic of Latvia.

By the end of the consultation period and after the bilateral meeting no additional comments or proposals were received regarding the intended activity and EIA documentation.

We are looking forward to our successful bilateral cooperation in the field of environmental assessment in the transboundary context.

Sincerely yours,

Indra Kramzaka
Deputy Director of Environment State Bureau of the Republic of Latvia
