Swedish Environmental Protection Agency

28 April 2020 No. (10)-D8- 798  
Re 23 September 2020 No. NV-05611-20

**TRANSBOUNDARY ENVIRONMENTAL IMPACT ASSESSMENT FOR THE  
OFFSHORE WINDFARM PROJECT GALATEA-GALENE**

This letter is the formal reply to your notification of 23 September 2020, Case No. NV-05611-20 in accordance with Article 3 of the Convention on Environmental Impact Assessment in a Transboundary Context (hereinafter referred to as Espoo Convention) regarding the Galatea-Galene offshore wind farm in Kattegat (hereinafter referred to as the Project).

We have finished the procedures of informing the public and consulting relevant Lithuanian authorities. No responses were received during the public consultation, and national authorities provided no arguments or concerns regarding significant negative environmental impacts.

Consequently, Ministry of Environment of the Republic of Lithuania does not consider the Project to have likely significant adverse transboundary effects on the environment of Lithuania and therefore does not intend to participate in the environmental impact assessment procedure under paragraphs 5 to 8 of Article 3 and Articles 4 to 7 of the Espoo Convention.

However, we kindly ask to keep us informed about the progress of the Project (including the outcomes of the decision making procedures) and to provide a summary of the Environmental Impact Assessment Report (in English), when it is available.

Sincerely,

Justina Grigaravičienė  
Vice-minister

Mindaugas Raulinaitis, +370 695 41925, e-mail: mindaugas.raulinaitis@am.lt
