**Regarding the transboundary environmental impact assessment of the Installation and operation of the offshore wind turbine farm of about 700 MW capacity allowable to connect to onshore grid in the Lithuanian marine territory of the Baltic Sea**

The Environment State Bureau (hereinafter – the Bureau) would like to express gratitude to the Ministry of Environment of the Republic of Lithuania for prepared responses regarding questions and comments received from our national authorities. Please be informed that the Bureau sent received information to the Ministry of Transport of the Republic of Latvia, the Nature Conservation Agency, and the Environment State Service. As the Bureau has not received any additional comments or questions, we confirm that received responses are sufficient and transboundary consultations pursuant to Article 5 of the Convention on environmental impact assessment in a transboundary context (hereinafter – the Espoo Convention) can be considered as completed.

According to the Article 7 of the Espoo Convention we would kindly ask you to inform us about the results of post – project analysis of this project.

The Bureau would like to express willingness to continue commenced successful bilateral cooperation in the field of the environmental impact assessment in the transboundary context.

Yours sincerely,

Daiga Avdejanova (signature\*) Director of Environment State Bureau of the Republic of Latvia
